www.victrex.com

- Victrex Manufacturing Ltd is committed to ensuring full UK REACH<sup>(2)</sup> compliance for all its current and future products.
- Victrex has registered all required substances manufactured in or which it imports into the UK. In addition, Victrex works closely with suppliers to ensure key substances, that support its supply chain and are manufactured in or imported into the UK, are registered.
- Victrex polymer grades are exempt from the UK REACH registration requirements. However, the monomers used in the polymer manufacture are in scope and have been registered in accordance with the requirements of UK REACH.
- Victrex does not intentionally add or use, any UK REACH Substances of Very High Concern (SVHC) >0.1%w/w <https://www.hse.gov.uk/reach/substance-in-articles-notification.htm> , or any substances listed in UK REACH Annex XVII "The Restricted List" [Restrictions - HSE](#) (with the exception of DEGBE in the VICOTE™ Dispersion grades)<sup>(3)</sup>, or any substances listed in UK REACH Annex XIV "The Authorisation List" [UK REACH: Authorisation list \(Annex XIV\) \(hse.gov.uk\)](#), in its products. Victrex monitors the above lists on a regular basis to identify and manage any changes that may have an impact on its raw materials and products.
- As a downstream user, Victrex continues to work with suppliers to ensure all raw materials will be supported and Victrex's manufacturing processes are not affected.
- If any substances / chemicals used by Victrex to manufacture its products become 'chemicals of concern' i.e. are officially listed within the UK REACH regulation under 'Substances of Very High Concern' (SVHC), or listed in UK REACH Annex XVII 'The Restricted List', or listed in UK REACH Annex XIV 'The Authorisation List' and accompanying conditions are met, Victrex would seek to phase-out affected products in line with sunset clauses or reformulate to ensure we maintain our compliance to UK REACH.

**Notes:**

1. The products indicated under this note are manufactured by **Victrex Manufacturing Limited** in the UK or by **Victrex High Performance Material (Shanghai) Co., Ltd** in China.  
Please refer to the specific Stock Keeping Unit (SKU) or 'Batch number' on the certificate of analysis (CoA) to indicate the product grade manufacturing location. All other products referenced in this statement are manufactured by Victrex Manufacturing Limited.
2. Registration, Evaluation, Authorisation and Restriction of Chemicals Regulations – UK REACH (S.I. 2020 No. 1577)
3. DEGBE: 2-(2-butoxyethoxy)ethanol – CAS No. 112-34-5; EC No. 203-961-6 - is used as an additive in the following VICOTE™ Dispersion grades: 804BLK; F804; F804BLK; F805; F807BLK; F808; F809; F810BLK; F815 and F817 at < 1.5%, which is below the REACH restriction threshold of ≥ 3%.

This information is provided "as is". It is not intended to amount to advice. Use of the product is at the customer's/user's risk. It is the customer's/user's responsibility to thoroughly test the product in each specific application to determine its performance, efficacy and safety for each end-use product, device or other application and compliance with applicable laws, regulations and standards. Mention of a product is no guarantee of availability. Victrex reserves the right to modify products, data sheets, specifications and packaging. **Victrex makes no warranties, express or implied (including, without limitation, any warranty of fitness for a particular purpose or of intellectual property non-infringement) and will not be liable for any loss or damage of any nature (however arising) in connection with customer's/user's use or reliance on this information, except for any liability which cannot be excluded or limited by law.** This document may be modified or retracted at any time without notice to the customer/user.
